

연수 제안서 (Training Proposal)

연구 분야 (Research field)	Protonic Ceramic Electrochemical Cells
연구 과제명 (Project title)	Experimental research on protonic ceramic electrochemical cells
연수 제안 업무 (Training proposal task)	Developing electrolysis technology based on protonic ceramic cells for hydrogen and ammonia production
<p>연수 기간 (period)</p> <p>- Post.Doc: 2023.01.01. - 2023.12.12. (1 year) - possible to extend the contract</p> <p>연수 목표 및 내용 (training proposal tasks)</p> <p>- Developing fabrication process of protonic ceramic electrochemical cells</p> <p>- Hydrogen and electrochemical ammonia production via electrolysis operation of protonic ceramic cells</p>	
소속 부 서 : 에너지소재연구센터 (Center for Energy Materials Research)	
연수 책임자 : 지호일 책임연구원 (Ho-Il Ji, Principal researcher)
